Redefine your elevator with a modern Position Indicator.

The Matisse is a high resolution, fully networkable and fully customizable position indicator that can integrate dynamic full color backgrounds, news feeds and widgets while also incorporating additional icons and elevator information.

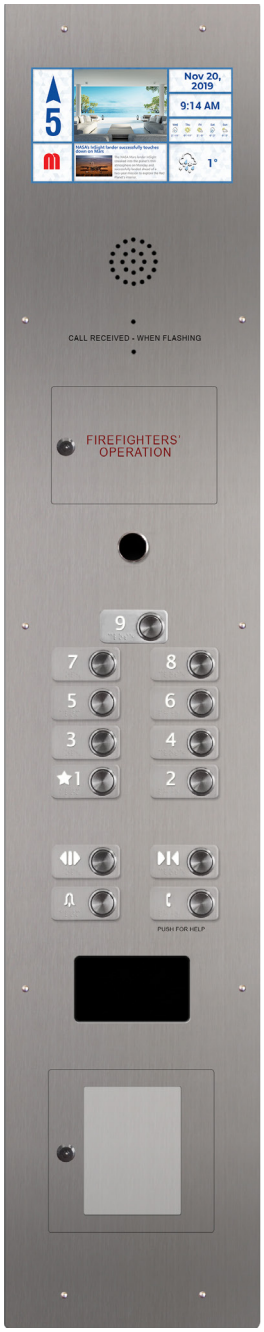
Two-way video, digital signage and live video is also available.

Seamlessly integrate:

- ✔ News & RSS feeds
- ✔ Time & Weather
- ✔ Stocks
- ✔ Scheduling
- ✔ Fully customizable
- ✔ Pictures & Videos
- ✔ HTML content
- ✔ Position Indicator
- ✔ Per-floor Messaging

Create & Manage Your Content

Use the Cloud-based editor to create digital notices and signage from anywhere with an Internet connection. Preview and publish your content right away, or schedule your themes in advance. Content can include events, directories, images, RSS feeds, weather, news, videos, and more!



Manage all your digital notice boards from one browser login. With just a few clicks, schedule important notices days, weeks, or months in advance. You can do it all yourself, or delegate responsibility to other users.
