

THE FINISHING TOUCHES

With Quick Cab Elevator Interiors, you have complete freedom to choose from our wide range of finishes and aesthetics. Our newly expanded line means that you can seamlessly integrate your Quick Cab Elevator Interior with the other finishes in your buildings.

You are only limited by your imagination and budget.

 **QUICK CAB®**
ELEVATOR INTERIORS

A **VANTAGE** Company

PANEL DIRECTIONS

DELRIDGE

Horizontal

FREMONT

Vertical

HIGHLANDS

Combination
Horizontal/Vertical

The first consideration during the design of your elevator interior is the panel direction.

Traditionally, panels run: Horizontal, Vertical or Combination Horizontal and Vertical.

Examples of these three designs are shown above.

ENHANCED **ACCENTS**

MONTLAKE

Horizontal

EASTLAKE

Vertical

NEWCASTLE

Combination
Horizontal/Vertical

The second consideration of the design process is the option of adding Upgraded Accents.

A traditional decorative metal Hand Rail Backer and Crown Panel (normally Stainless Steel or Bronze) add both visual appeal and durability to your interior.

Examples of these enhanced accents are shown above.

A WIDE RANGE OF **FINISHES**

BRIGHTON

CASCADE

GATEWOOD

CUBIX

RAVENNA

INTERBAY

LAURELHURST

LIGNA

BRIAR

BRIAR MIRRORED

MEDINA

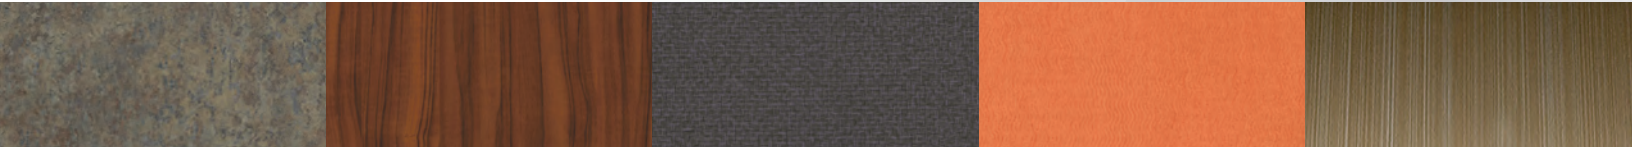

MEDINA MIRRORED

The final consideration in completing your elevator design is the choice of materials. Our wide range of finishes allows you to customize your panels, reveals, and accents.

CHOICE OF MATERIALS

PLASTIC LAMINATE

STONE

WOODGRAIN

ABSTRACTS

SOLIDS

FIBERS

DECORATIVE METALS

BRUSHED

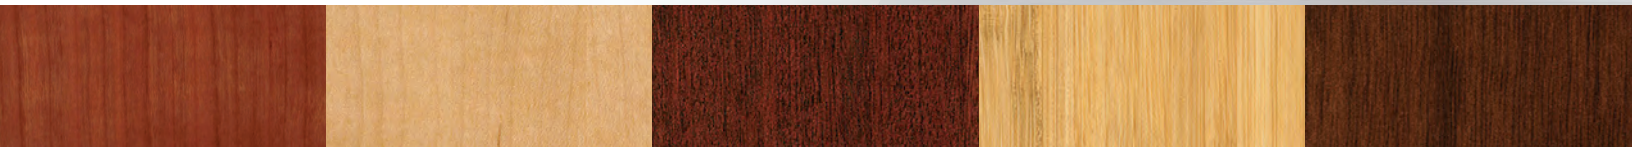

HATCHED

LINEAR

SWIRL

RANDOM

WOOD VENEERS
