

Introducing GAL's REFRESH Boxes

Maintain Individual Landings with Ease

A FRESH NEW TAKE ON MAINTENANCE, BOXED UP AND READY TO GO

Everything needed to service an existing
GAL landing, all in one place

A compact, all-in-one box with everything needed to refresh a GAL landing. Sold for Single Speed, Two Speed, Center Parting, and Two Speed Center Parting openings. Easy, one part ordering for an easy preventative maintenance visit. Refurbish worn out parts without having to replace entire assemblies!

BENEFITS

Preventative maintenance helps to extend the life of overall door systems and reduces unexpected downtime. It's refreshing to be able to schedule an elevator shutdown instead of having to respond to an emergency shutdown. Simply specify the door type and order one part number per landing for a seamless process.
